

Complex Systems Symposium 2022

MAY
20th - 21st
2022

活動介紹

統計物理、非線性動力學、軟物質與生物物理，以及系統生物學等看似龐雜無關的研究領域，其實基本概念與研究技巧有許多共通之處。我們習慣以複雜系統研究來概稱這一領域。為了讓國內從事相關研究的學生有機會相互交換研究心得，並提昇老師之間的交流，複雜系統學術會議將由學生擔任講員，進行每人約 15~20 分鐘的演講（English Presentation is Encouraged），並提供充分的討論時間。

本會議歡迎在相關領域研究已有具體成果的學生（含博碩士班及大學部學生）及博士後研究人員報名演講，亦歡迎其他有興趣的同學報名參加。

Introduction

The Complex Symposium is a forum for junior scientists (students, postdocs) to present and discuss their research in the fields of statistical physics, non-linear systems, soft matter, fluid physics, and biophysics. It is a great setting for exchanges and receiving feedback, finding common themes in various topics of frontier research.

Each presenter will have a 15 to 20 minute oral presentation, in addition to a poster presentation. We welcome participants from different disciplines and fields interested in complex systems.

* Presenter should prepare a poster no larger than 42 cm (H) x 59 cm (W) (A2)**

** The symposium will be simultaneously webcast, with link information provided for registered participants ***

Organizers

Cheng-Hung Chang (NYCU)、Hsuan-Yi Chen (NCU)、Sheng-hong Chen (AS)、
Yeng-Long Chen (AS)、Pik-Yin Lai (NCU)、Chien-Jung Lo (NCU)、
Hong-Yan Shih (AS)、Kuo-An Wu (NTHU)、Ming-Chya Wu (NCU)、Lee-Wei Yang (NTHU)

Registration Deadline : 2022/5/4

Registration Link : <https://phys.ncts.ntu.edu.tw/act/actnews/Complex-40651534/home/registration>
